

## ***REMANUFACTURING SOLUTION***

Sustainable remanufactured components

***Atlas Copco***

# NEW LEASE ON LIFE

*ATLAS COPCO OFFERS AN ORIGINAL EQUIPMENT MANUFACTURER (OEM) REMANUFACTURING PROCESS WHERE USED COMPONENTS ARE REMANUFACTURED TO THE SAME ORIGINAL CONDITION AND SPECIFICATIONS ENSURING EFFICIENCY AND RELIABILITY ARE MAINTAINED.*

## Added value

### OEM Certified quality

All Atlas Copco remanufactured components are rigorously tested on purpose-built test equipment and we offer certified OEM approved quality with traceability documents.

### Uptime and cost advantage

Exchange components are available off the shelf, significantly reducing downtime and cost savings.

## Safety and environmentally friendly

With our sophisticated manufacturing process and good technical knowledge, Atlas Copco Reman Solutions can avoid uncertain failure and improve workplace safety. Reman Solutions significantly reduces scrap and waste materials, thereby minimizing the impact on the environment, reducing your carbon footprint.

## Energy savings up to 40%

Reman Solutions enables your machines to maintain efficient performance, reducing operational costs by up to 40% with no additional inventory investments on your parts. Good logistics management and the local availability of remanufactured components will also reduce the delivery time and transportation costs significantly.

## + MAIN BENEFITS

Maintains **optimum** performance

**Quality assured** components

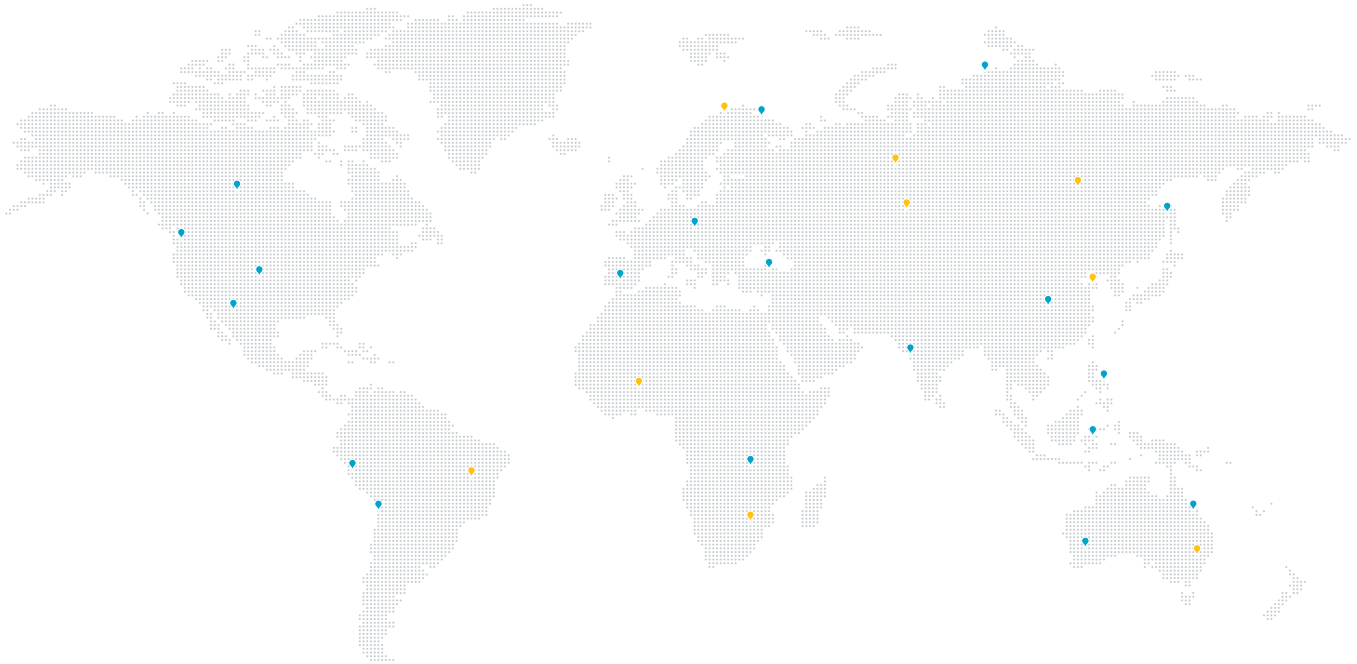

**Minimal downtime**

**Single-source** supplier

OEM **approved quality**

**Peace of mind**

- 📍 New component remanufacturing to be upgraded
- 📍 Existing component remanufacturing center

### + SUPERIOR WARRANTY – PEACE OF MIND

Atlas Copco remanufactured components are covered by a competitive warranty policy, which typically isn't offered by non-OEM products. Atlas Copco remanufactured components include the latest design and performance improvement updates and undergo thorough testing before they are sold.

### + BACK TO PRODUCTION – FAST

When you use Atlas Copco remanufactured components, you can rest assured that we will have the part you need in stock when you need it. In fact, we will have it on site, typically before the old component comes out guaranteeing you minimum downtime and maximum productivity.

### + RISK-FREE COMPONENTS

When considering remanufactured components, there is only one way to ensure original OEM quality: purchase all remanufactured replacements from Atlas Copco.

## Extensive components offering – Atlas Copco products focus

Compressor

Cylinders

Pumps, valves, and motors

Pump drive

Rotary head

Axle
